

advocating for our mission

A safe and comfortable environment that encourages personal dignity and independence, and eliminates the loneliness caused by isolation

Assistive Technology

Flashing light alarms (for doorbells, fire safety systems, phones), wireless sound systems, videophones

Architectural Design

Open spaces that allow contrasting color schemes and expanded perimeter for effective signing

Supportive Staff

Respectful and understanding of the diverse needs of the community, and fluent in American Sign Language

Isolation

Separation from or lack of relationship with others.

Many Deaf people experience social isolation and the resulting loneliness.

In New Jersey, more than 850,000 individuals experience hearing loss.

our goal

to create fully accessible housing in a welcoming community

Our mission is to create a safe and comfortable environment where adults who are Deaf, Hard of Hearing, DeafBlind and Late Deafened can benefit from assistive technology and supportive staff in an integrated community. We plan to build housing that meets the special communication needs of these residents.

Lila M. Taylor, Founder
New Jersey Deaf Housing, Inc.

Financing Our Mission

In partnership with local supportive housing developers and in collaboration with the State of New Jersey, we're seeking to create new housing opportunities that address this large unmet need in our area.

Local development partners will pay for the building's construction. The goal of NJDH, Inc. is to raise \$1 million, which will provide:

- assistive devices
- social services
- furnishings for the common areas

Fundraising events, charitable sponsorships and generous donations make our mission possible.

you can help make deaf housing in New Jersey a reality
